Christmas Countdown - Savings Check-Off

The paper half of your countdown. Print it, put it where you will see it, and tick off each payday as the money moves. It follows the same plan as the spreadsheet in this kit.

MY CHRISTMAS SAVINGS GOAL **$** _____ Save-by date: _____

ALREADY SAVED **$** _____ First payday: _____

MY PAYDAYS

MISSED A PAYDAY? SPREAD IT - DON'T QUIT

Take what is still left to save and divide it by the paydays you have left. Write the new amount in the "Set aside" column for the paydays still to come. The goal never changes - only the split does. (The spreadsheet in this kit re-does this maths for you automatically after every payday.)
