Quick Start: Budget by Paycheck, Not by Month

快速開始：跟著薪水做預算

Paid every two weeks? You get 26 paychecks a year — and two months with three.
每兩週出糧，一年 26 份薪水，其中兩個月有三份。

---

1 List every monthly bill once 先把每月賬單列一次

Rent, utilities, phone, subscriptions, minimum debt payments. Write the due date next to each one.

2 Split the bills in two 把賬單分成兩堆

Bills due in the first half of the month go to Paycheck 1. Bills due later go to Paycheck 2. No paycheck should carry the whole mo

3 Give each paycheck four jobs 每份薪水四個任務

Bills first, then everyday spending, then debt, then savings. In that order, every time.

4 Treat 3-paycheck months as bonus months 三薪月當獎金月

Two months a year bring a third paycheck. Your monthly bills are already covered by the first two — so most of it is free to aim at

5 Review for five minutes each payday 發薪日用五分鐘回顧

Use the review page (p.13). Missed a period? Start with the next paycheck. Nothing breaks.

Why not a monthly budget?

A monthly budget pretends your money arrives once a month. Yours arrives every 14 days.
When bills and paydays don't line up, the budget fails — not you.

Expense Log — By Pay Period

每筆支出一行，標明來自薪水 1 還是薪水 2。

Date 日期	**What** 項目	**Category** 類別	**Amount** 金額	**P1/P2** 1/2

Total this period: 本期總支出：_____

Debt Payoff — By Paycheck

還債計劃（按薪水）

Small extra payments every paycheck beat one big payment 'someday'.
每份薪水還少少，勝過等將來一次還清。

Debt 債務	**Balance** 結餘	**Minimum** 最低還款	**Extra / paycheck** 每期額外

Payments made 已還期數（每還一期塗一格）

☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐

Total balance now: 目前總欠額：_____ **Total paid off:** 已還總額：_____

Extra payment order: smallest balance first (snowball) or highest interest first (avalanche).

Pick one order and stick to it — the best plan is the one you keep.

Sinking Funds — By Paycheck

儲蓄基金（按薪水累積）

Big yearly costs, split into small per-paycheck amounts. No more December surprises.
把全年大額開支，拆成每份薪水的小額儲蓄，十二月不再措手不及。

Fund (car, gifts, insurance…) 基金（車、禮物、保險…）	**Target** 目標	**Per paycheck** 每期存入	**Saved so far** 已存

Per paycheck = target ÷ paychecks left before the bill is due. That's the whole formula.

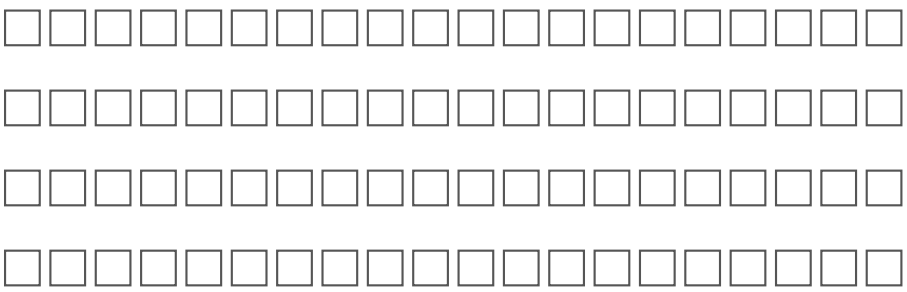

Savings Goal — By Paycheck

儲蓄目標（按薪水）

One goal. One amount per paycheck. Color a box for each paycheck you save.
一個目標，每份薪水存一個金額，每存一期塗一格。

Goal: 目標：_____ **Target: $** 目標金額：$ _____

Per paycheck: $** 每期存入：$ _____ **By (date): 完成日期：_____

80 boxes = 80 paychecks of progress. Small amounts count — the boxes don't care.

Miss a paycheck? Color the next box when you can. The goal waits. 漏了一期？得閒再塗下一格，目標會等你。

Bonus Paycheck Plan (The 3rd Paycheck)

獎金薪水計劃（第三份薪水）

Twice a year, a third paycheck arrives — most monthly bills are already covered by the first two. Decide where it goes now.
一年兩次，有一份薪水沒有額外賬單跟著來。現在就決定它去哪裡。

Bonus paycheck date: 獎金薪水日期：_____

This bonus paycheck goes to 這份獎金薪水的安排	**Amount / %** 金額 / %
Catch up on bills	
Extra debt payment	
Savings goal	
Sinking funds top-up	
Something fun — guilt-free	
Other	

Rule of thumb: decide the split before payday. Money with a plan survives payday;
money without one is gone by the weekend.

A bonus paycheck planned is a month of breathing room earned.

Pay Period Review

發薪期回顧

Five minutes at the end of each pay period. Three questions, then carry over.
每期結束用五分鐘，答三條問題，再帶去下一期。

What did this paycheck do well? 這份薪水用得最好的是什麼？

Where did it leak? 錢在哪裡漏走了？

One change for next paycheck: 下一份薪水只改一件事：

Month check (every 2–3 periods): paychecks in ____ vs. monthly bills total ____

Carry over to next period: $ _____

One change per period. Small corrections, kept, beat big resets, quit. 每期改一件事，小調整守得住，大重置最放棄。
