Seller's description

AT A GLANCE
The whole move on paper: a 43-page command center (US Letter + A4), a filled 3-page example, and the command sheets as an Excel file — 5 files in total.
Inside: pick-your-path start (planned / two-week move-in / move first, sort later) · measure-the-new-home pages · room-by-room sorting with six ways for every item to go · family claims and weekly update pages · a move-day command page with the Box Finder · closing-the-old-home pages · a page that is your parent's alone to decide.
Start here: page 3 — pick your path — then the one-page Quick Start for your first week. Begin with just three things today.
Made for: adult children moving a parent into a smaller home or assisted living, in the weeks between work and everything else.

Moving your parent, one calm page at a time.
