Home Inventory — Room Walkthrough

Print this, walk room by room, and write down what is worth recording.

How to use: one row per item. Write the room, the item, what it is worth, and the photo filename if you took a photo. Only record what is worth recording — a short list you actually finish beats a full-house list you abandon.

Room	Item	Est. value	Photo filename	
Living Room				☐
Living Room				☐
Living Room				☐
Living Room				☐
Kitchen				☐
Kitchen				☐
Kitchen				☐
Kitchen				☐
Dining Room				☐
Dining Room				☐
Hallway / Entry				☐
Bedroom (Primary)				☐
Bedroom (Primary)				☐

Bedroom (Primary)				☐

Room walkthrough (continued)

Room	Item	Est. value	Photo filename	
Bedroom (Guest/Other)				☐
Bedroom (Guest/Other)				☐
Bathroom				☐
Bathroom				☐
Home Office / Study				☐
Home Office / Study				☐
Home Office / Study				☐
Garage				☐
Garage				☐
Garage				☐
Basement / Storage				☐
Basement / Storage				☐
Laundry Room				☐
Other				☐

Photos: take photos room by room into one folder in your Drive, and write each photo filename in the Photo filename column. The Handover page on the next page carries the photo list with it.

Handover Summary

Prepared on: _____

Room	Items	Total value
Living Room		
Kitchen		
Bedroom (Primary)		
Bedroom (Guest/Other)		
Bathroom		
Home Office / Study		
Garage		
Basement / Storage		
Dining Room		
Laundry Room		
Hallway / Entry		
Other		
TOTAL		

Item	Room	Photo filename

本产品为个人财产记录整理工具，不构成保险建议；不承诺任何保险公司接受、赔付；估值栏为你自己记录的估计值，不具专业鉴定效力。是否承保、赔多少，由你和你的保险公司决定。

Keep the file in your own Google Drive and export a backup yourself — it does not depend on a seller subscription service. No seller account is needed; using a Google Sheets online copy usually needs a Google account.
